NOTE. In order to assist bidders, Mr. Elder will be glad to advise them in regard to the value of any lot in this sale,

PREFACE.

In point of preservation the Greek and Egyptian coins offered in this sale are unsurpassed by any we have yet offered . The gems include staters of Sybaris, Caulonia, Italy, Sicily, and other choice pieces. The Egyptian heavy bronzes of the early Ptolemies are noteworthy and in order to obtain these magnificient specimens many hundreds of inferior ones were rejected.

This group includes coins bought by the present owner as early as 1883 and they have never changed hands since that time. This sale includes also hundreds of Roman silver and copper coins belonging to Mr. Belcher, they are in fact the wind-up of his collection. There is a find made in Spain of very fine Roman denarii. The Swedish Plate coins of Charles XII are very rare examples and in very fine preservation, exceptional things in that line. The magnificient Clark, Gruber & Company $10, with a view of the Peak, having its mint lustre, should attract splendid bids. There is an interesting group of coins, including gold, belonging to Mr. Otto Lindstrom. Again, we have a sale strong in Foreign Crowns, many in choicest preservation. Some of these belong to the Belcher collection. An interesting lot of medals on a wide variety of subjcts cannot fail to attract lovers of beautiful work in sculpture. The paper money lists U. S. Fractional currency, U. S. Greenbacks and Colonial notes. The Wendell collection has some rare Shakespeare and Garrick medals and tokens. Some good copper coins from the Hinman collection are seen. Due to the large number of lots the sale is divided into two sessions. We have arranged them as follows:

Order of Sale:

On Friday, Lots Nos. 1 to 723 inclusive will be sold.

On Saturday, Lots Nos. 724 to end of the catalogue.

Kindly go over the catalogue and send us a generous number of bids, as this sale contains a wide variety of material and much of interest.

Yours truly,

THE ELDER COIN & CURIO COMPANY,

Thomas L. Elder, Manager.

CONDITIONS OF SALE.

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. No corrections or refunds will be made, and no lots can be returned, unless the bidder submits his case in writing **within 30 days of the date of the sale.**

Coins and medals are sold at **so much per PIECE**, and no lot will be separated. The auctioneer will accept any bid up to 50c., then 5c up to $2.50, when 10c. advance must be bid, up to $10.00, when no advance under 25 cents will be accepted. If there are 5 pieces in the lot and you wish to pay $5.00 for the entire lot, then bid $1.00.

Auction sales are **strictly for cash.** Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description, there is but one piece in the lot.

Be sure you bid on the lot you wish to buy.

All coins, etc., are genuine unless otherwise described.

A charge of 5% will be made to cover packing and shipping, but where the parcel is bulky an additional packing charge will be made. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer, THOMAS L. ELDER.

Note.—This P.X. symbol furnishes us with a good illustration of the error and inconsistency of certain religious belief, and sets at rest at once any ideas as to when this symbol originated.
